

City of Purple isn't just a record – it's a soundtrack of our time together. Curated by the team, each track is a memory and every beat a nod to the spark you brought. Drop the needle, and it's like we're all still here, dancing in your city. Wherever you go next, we hope this record reminds you of the band (a.k.a the team) you helped shape, the direction you inspired, and the music we'll always hear when we think of you. Play it loud and remember; you'll always be part of the lineup.

## SIDE A

### 1. Midnight City

M83

4:40

"Every album needs an anthem, and this opening track is it. It's a rush of energy, light and movement – it feels like the start of something bigger than yourself. It perfectly captures what you brought to this team. Just like the song, you've been the pulse that carried us forward and gave us a sense we were building something that matters. Thank you for all of your help and patience with my random questions! You will be missed." - Jenni Agnew

### 2. Golden Brown

## SIDE C

### 9. Mad World

Michael Andrews & Gary Jules

3:05

"Dear Ethan, your calm and positive presence will be missed! Best wishes for the future, and I hope you find a team as nice as us going forward. This was the no. 1 UK Christmas song in 2003 while I was living there. It's a great example of British humour and irreverence – to push back against the sappy commercial stuff. I loved the fact that such a sad song won the contest! To this day hearing this version makes me smile." - Mel Blackadder

### 10. With a Little Help from My Friends

The Beatles

2:45

"It's hard to say goodbye to someone who's been such a valuable part of our team. Your dedication, positivity, and hard work have made a lasting impact, and you'll be truly missed. ### 7. Free Yourself

Jessie Ware

"My first week in the job, you stuck me in the worst seat on the floor next to the toilets. But then you came over and we geeked out about elections, music and Ware's new album. And I thought, with nerds like you around, maybe this ride wouldn't be so bad. You are extraordinary. Don't change and never stop! Like Ware says, only obsessions, motivations, investigations, there's new information. You are a name, not a number, extraordinary colours. Don't you hide under covers." - Reshika Sivakumaran

### 8. Master of Puppets

Metallica

4:03

"Ethan, I know you like Metallica, and I think you are indeed our Master of elections, we are your Puppets, and these lyrics say it all... Come crawling faster. Obey your master. Your life burns faster. Obey your master, master! Master of puppets I'm pulling your strings..." - John Koullas
